STATS 140XP · Fall 2021

Introducing the Data

Exploratory Data Analysis

Autocratic Levels by Country

Exploratory Data Analysis

Values vs. Practices by Cultural Dimension and Country Cluster

Note: Countries with missing country clusters were excluded.

- ① Which characteristics or traits do countries tend to group together when determining “good” leadership values?
 - Which countries have similar perceptions of these leadership values?
- ② Do societal practices and societal values align?
 - If they do not, which practices and values deviate most significantly?
